

COMM 2-11

TO: Deputy Director/Intelligence

FROM: Africa Roundtable Meeting

Regarding the invitation list for the Africa Roundtable meeting on 4 January 1962, which will feature [REDACTED] as the principal attraction, you may remember that your letter to [REDACTED] indicated there would be an interagency audience of 50-60 people. However, in view of your desire to limit the group to a smaller number, we have cut back our original list (attached) to 30. Past experience indicates that about 15 of these will probably come. In keeping with the basic interagency concept of the Africa Roundtable, we felt obliged to invite a number of representatives from other agencies. When we know more precisely who plans to come to this meeting we will give you a final list.
